

## **Mound Rd Design-Build Project Industry Review Draft:**

**When:** November 16, 2020 to January 04, 2021 or until issuance of the final RFP.

**Where:** The Michigan Department of Transportation (MDOT) has posted a Draft RFP for the Mound Rd Design Build in Macomb County on ProjectWise for review and can be found in the ProjectWise link: [Design-Build LAP \(207178\) Industry Review](#)

Please notify the MDOT ICU Project Manager Jonathon Stratz by email at [stratzj@michigan.gov](mailto:stratzj@michigan.gov) for any issues with accessing the above link.

The Project is on Mound Road between I-696 and M-59 in Macomb County, in the Cities of Warren and Sterling Heights, Michigan. The Project generally consists of performing design and construction for the reconstruction and widening of Mound Road. Roadway improvements include new concrete pavement, drainage, curbs and driveways, signal optimization, roadway widening, connected vehicle and fiber optic communications technology, non-motorized facilities, and energy-efficient LED lighting. The Project area includes major intersections at each "mile" road along with several other intersecting roadways.

**One-on-One Meetings:** Proposers may request up to one (1) one-on-one meeting session with MDOT and MCDR during the Draft review period. This meeting would be counted as one of the three one on one meetings outlined in Section 3.5 of the ITP. The meeting will be held on December 16<sup>th</sup> with the following time slots available as a first come first serve basis: 9:00AM to 11:00AM and 1:00PM to 3:00PM. Meetings will be virtual and up to two hours in duration. Interested Proposers shall contact the MDOT ICU Project Manager Jonathon Stratz by email at [stratzj@michigan.gov](mailto:stratzj@michigan.gov) to schedule.

**Reference Information Documents (RID):** DRAFT RID will be posted as they become available. A log of RID that document the date posted and if changes occurred between posting for the Industry Draft Review and advertising on MDOT's e-Proposal will be available as a RID posted in MDOT's e-Proposal System when the final RFP is advertised. The Draft RID are provided for reference and background information only. MDOT has not determined whether the RID are without error, complete, pertinent, or of any other value to potential Design-Builders. MDOT makes no representation as to the accuracy, completeness, or pertinence of the RID and, in addition, shall not be responsible for any interpretations thereof or conclusions drawn therefrom. The information contained in the RID reflects information as of any date or time identified therein.

The RID provided are in draft format and are being provided for informational purposes only. The RID provided are subject to revision, correction, or alteration. MDOT may not provide notification of such changes. The RID provided will not be used or relied upon for bidding or estimating purposes, nor will they otherwise be considered contractual or binding in nature.
